Independent Auditor's Report

To the Unitholders of Huatai HKD Money Market Fund
(A sub-fund of Huatai Global Investment Fund)

Report on the Audit of the Financial Statements

Opinion

What we have audited

The financial statements of Huatai HKD Money Market Fund (the "Sub-Fund"), a sub-fund of Huatai Global Investment Fund, which are set out on pages 7 to 42, comprise:

- the statement of financial position as at 31 December 2025;
- the statement of comprehensive income for the year then ended;
- the statement of changes in net assets attributable to unitholders for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

Our opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Sub-Fund as at 31 December 2025, and of its financial transactions and its cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") as issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Sub-Fund in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Other Information

The Trustee and the Manager (the "Management") of the Sub-Fund are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management for the Financial Statements

The Management of the Sub-Fund is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Fund is responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Fund or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Fund is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed dated 25 July 2023 (“Trust Deed”) and Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the “SFC Code”).

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund’s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Matters under the Relevant Disclosure Provisions of the Trust Deed and Appendix E of the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

The engagement partner on the audit resulting in this independent auditor's report is Mok Shun Wah (practising certificate number: P07047).

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

1. General Information

Huatai Global Investment Fund (the “Fund”) is an open-ended unit trust established as an umbrella fund under the laws of Hong Kong by a trust deed dated 25 July 2023, as amended (the “Trust Deed”), between Huatai Financial Holdings (Hong Kong) Limited as Manager (the “Manager”) and Bank of Communications Trustee Limited as Trustee (the “Trustee”). As at 31 December 2025, the Trust has six Sub-Funds: Huatai HKD Money Market Fund (the “Sub-Fund”), Huatai USD Money Market Fund, Huatai RMB Money Market Fund, Huatai Asia Pacific Target Income Fund, Huatai Global Select Bond Fund and Huatai US Select Fund (collectively, the “Sub-Funds”). The date of commencement of operations of the Sub-Fund was 15 August 2023.

The Fund and the Sub-Fund are authorised by the Securities and Futures Commission of Hong Kong (the “SFC”) under Section 104(1) of the Hong Kong Securities and Futures Ordinance and are required to comply with the Code on Unit Trusts and Mutual Funds established by the SFC (the “SFC Code”).

The Sub-Fund seeks to achieve a return in Hong Kong Dollars (“HKD”) in line with prevailing money market rates in HKD by primarily investing in short-term deposits and high-quality money market instruments denominated in HKD.

The Sub-Fund will invest primarily (i.e., not less than 70% of its net asset value) in HKD-denominated and settled short-term deposits and high-quality money market instruments issued by governments, corporations, quasi-governments, international organisations, and financial institutions. The Sub-Fund may invest up to 30% of its net asset value in non-HKD-denominated deposits and high quality money market instruments. High quality money market instruments include debt securities, commercial papers, certificates of deposits, short-term notes and commercial bills.

These financial statements were only prepared for the Sub-Fund for the year ended 31 December 2025.

2. Summary of material accounting policies

The material accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

2.1 Basis of preparation

The financial statements of the Sub-Fund have been prepared in accordance with HKFRS Accounting Standards issued by Hong Kong Institute of Certified Public Accountants and the relevant disclosure provisions specified in Appendix E of the SFC Code.

HKFRS Accounting Standards comprise the following authoritative literature:

- Hong Kong Financial Reporting Standards
- Hong Kong Accounting Standards
- Interpretations developed by the Hong Kong Institute of Certified Public Accountants

The financial statements of the Sub-Fund have been prepared on a going concern basis and have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The preparation of financial statements in conformity with HKFRS Accounting Standards requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise their judgement in the process of applying the Sub-Fund’s accounting policies.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

2. Summary of material accounting policies (Continued)

2.1 Basis of preparation (Continued)

These financial statements are presented in Hong Kong dollar (“HKD”) and all values are rounded to the nearest HKD except where otherwise indicated.

New Standards and amendments to existing standards effective 1 January 2025

There are no standards, amendments to standards or interpretations that are effective for financial periods beginning on 1 January 2025 that have a material effect on the annual financial statements of the Sub-Fund.

New standards, amendments and interpretations to standards effective after 1 January 2025 and have not been early adopted

A number of new standards, amendments to standards and interpretations are effective for financial periods beginning after 1 January 2025, and have not been early adopted in preparing these annual financial statements. The assessment of the impact of these new standards and amendments is set out below:

- i) Amendments to the Classification and Measurement of Financial Instruments – Amendments to HKFRS 9 and HKFRS 7 (effective for annual periods beginning on or after 1 January 2026)

The HKICPA issued targeted amendments to HKFRS 9 and HKFRS 7 to respond to recent questions arising in practice, and to include new requirements not only for financial institutions but also for corporate entities. Among other amendments, the HKICPA clarified the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system.

- ii) HKFRS 18 Presentation and Disclosure in Financial Statements (effective for annual periods beginning on or after 1 January 2027)

The HKICPA issued the new standard on presentation and disclosure in financial statements, which replaces HKAS 1, with a focus on updates to the statement of comprehensive income.

The key new concepts introduced in HKFRS 18 relate to:

- the structure of the statement of comprehensive income with defined subtotals;
- the requirement to determine the most useful structured summary for presenting expenses in the statement of comprehensive income;
- required disclosures in a single note within the financial statements for certain profit or loss performance measures that are reported outside an entity’s financial statements (that is, management-defined performance measures); and
- enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

The Sub-Fund is currently still assessing the effect of the forthcoming standard and amendments.

No other new standards or amendments to standards are expected to have a material effect on the financial statements of the Sub-Fund.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

2. Summary of material accounting policies (Continued)

2.2 Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Fund operates (the “functional currency”). The performance of the Sub-Fund is measured and reported to the unitholders in HKD. The manager consider HKD as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The financial statements are presented in HKD, which is the Sub-Fund’s functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the statement of financial position date.

Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the statement of comprehensive income within “Net foreign exchange gains/(losses)”.

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the statement of comprehensive income within “Net gains/(losses) on financial assets at fair value through profit or loss”.

2.3 Financial assets at fair value through profit or loss

(i) Classification

The Sub-Fund classifies its investments based on both the Sub-Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. The Sub-Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Sub-Fund’s debt securities are solely principal and interest; however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Sub-Fund’s business model’s objective. Consequently, all investments are measured at fair value through profit or loss.

The Sub-Fund’s policy requires the Manager to evaluate the information about these financial assets and liabilities on a fair value basis together with other related financial information.

(ii) Recognition, derecognition and measurement

Regular purchases and sales of investments are recognised on the trade date – the date on which the Sub-Fund commits to purchase or sell the investment. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of comprehensive income.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

2. Summary of material accounting policies (Continued)

2.3 Financial assets at fair value through profit or loss (Continued)

(ii) Recognition, derecognition and measurement (Continued)

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Sub-Fund has transferred substantially all the risks and rewards of ownership.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the “Financial assets or financial liabilities at fair value through profit or loss” category are presented in the statement of comprehensive income within other net changes in fair value of financial assets and liabilities at fair value through profit or loss in the period in which they arise.

Interest on debt securities at fair value through profit or loss is recognised in the statement of comprehensive income within “Net gains/(losses) on financial assets at fair value through profit or loss”.

(iii) Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the reporting date. The Sub-Fund utilises the last traded market price for both financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, Manager will determine the point within the bid-ask spread that is most representative of fair value.

The fair value of financial assets and liabilities that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques. The Sub-Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Valuation techniques used include the use of comparable recent ordinary transactions between market participants, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

(iv) Transfers between levels of the fair value hierarchy

Transfers between levels of the fair value hierarchy are deemed to have occurred at the beginning of the reporting period.

2.4 Due from and due to brokers

Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. The due from brokers balance is held for collection.

Amounts due from/to brokers are recognised initially at fair value and subsequently measured at amortised cost.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

2. Summary of material accounting policies (Continued)

2.5 Other receivables

Other receivables are recognised initially at fair value and are subsequently measured at amortised cost. The other receivables balance is held for collection.

2.6 Expected credit losses on financial assets measured at amortised cost

At each reporting date, the Sub-Fund shall measure the loss allowance on financial assets measured at amortised cost at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Sub-Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that amounts may be credit impaired. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the net carrying amount (after deduction of the loss allowance). A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

2.7 Cash and cash equivalents

“Cash and cash equivalents” includes cash in hand, deposits held at call with banks and brokers and other short-term investments in an active market with original maturities of three months or less.

For bank deposits with original maturities of more than three months is included in “Time deposits”.

2.8 Other payables and accrued liabilities

Other payables and accrued liabilities are recognised initially at fair value and subsequently stated at amortised cost using the effective interest method.

2.9 Redeemable units

The Sub-Fund issues six classes of redeemable units, which are redeemable at the unitholder’s option and do not have identical rights. Such units are classified as financial liabilities. Redeemable units of the Sub-Fund can be issued and redeemed at any dealing date for cash equal to a proportionate share of the Sub-Fund’s net asset value attributable to the respective class. Units are redeemable daily.

The redeemable units are carried at amortised cost which corresponds to the redemption amount that is payable at the statement of financial position date if the holder exercises the right to put the unit back to the Sub-Fund.

Redeemable units are issued and redeemed at the unitholder’s option at prices based on the Sub-Fund’s net asset value per unit at the time of issue or redemption. The Sub-Fund’s net asset value per unit is calculated by dividing the net assets attributable to the unitholders of each class of redeemable units with the total number of outstanding redeemable units for each respective class. In accordance with the provisions of the Sub-Fund’s regulations, investment positions are valued based on the last traded market price for the purpose of determining the net asset value per unit for subscriptions and redemptions.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

2. Summary of material accounting policies (Continued)

2.10 Interest income

Interest is recognised on a time-proportionate basis using the effective interest method. Interest income includes interest from cash and cash equivalents.

2.11 Transaction costs

Transaction costs are costs incurred to acquire financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisers, brokers and dealers. Transaction costs, when incurred, are immediately recognised in statement of comprehensive income as an expense.

2.12 Establishment costs

Establishment costs are recognised as expenses in the period in which they are incurred in accordance with HKFRS Accounting Standards.

2.13 Taxation

In some jurisdictions, investment income and capital gains are subject to withholding tax deducted at the source of the income. Withholding tax is a generic term used for the amount of withholding tax deducted at the source of income.

The Sub-Fund currently incurs withholding taxes imposed by certain countries on investment income and capital gains. Such income or gains are recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are shown as a separate item in the statement of comprehensive income.

Deferred income tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the annual financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the statement of financial position date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.14 Change to presentation and comparative information

When the presentation or classification of items in the financial statements is amended, comparative amounts have been updated to conform with the current year's presentation or classification.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

3. Financial risk management

The Sub-Fund is exposed to a variety of risks including but not limited to market price risk, cash flow and fair value interest rate risk, credit and counterparty risk, liquidity risk and foreign currency risk which are associated with the markets in which the Sub-Fund invests.

The Sub-Fund's overall risk management programme seeks to maximise the returns derived for the level of risk to which the Sub-Fund is exposed and seeks to minimise potential adverse effects on the Sub-Fund's financial performance.

All securities investments present a risk of loss of capital. Long equity and debt securities is limited to the fair value of those positions.

The following is a summary of the main risks and risk management policies.

3.1 Market price risk

Market price risk is the risk that the value of a financial instruments will fluctuate as a result of changes in market prices (other than those arising from cash flow and fair value interest rate risk or foreign currency risk), whether those changes are caused by factors specific to the individual instruments or factors affecting all instruments in the market.

The following table discloses the financial assets at fair value through profit or loss of the Sub-Fund by product type as at 31 December 2025:

	As at 31 December 2025 HKD
Debt instruments	
Corporate bonds	68,218,550
Total financial assets at fair value through profit or loss	<u>68,218,550</u>

The Manager considers that the price of quoted debt instruments securities is sensitive to fluctuation in cash flow and fair value interest rate risk which is set out in note 3.2.

The following table discloses all the investments of the Sub-Fund by industrial sectors:

	As at 31 December 2025	
	HKD	% of net assets
Financials	68,218,550	2.29%
Total financial assets at fair value through profit or loss	<u>68,218,550</u>	<u>2.29%</u>

The following table discloses all the investments of the Sub-Fund by geographical location:

	As at 31 December 2025	
	HKD	% of net assets
Singapore	68,218,550	2.29%
Total financial assets at fair value through profit or loss	<u>68,218,550</u>	<u>2.29%</u>

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

3. Financial risk management (Continued)

3.1 Market price risk (Continued)

No investments account for more than 10% of the Sub-Fund's net asset value as at 31 December 2025.

The Manager and the Trustee consider the Sub-Fund is not exposed to market price risk as the Sub-Fund did not hold any investment as at 31 December 2024.

3.2 Cash flow and fair value interest rate risk

Cash flow and fair value interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and future cash flow.

The tables below summarise the Sub-Fund's exposure to cash flow and fair value interest rate risks at the reporting date. Included in the table are the Sub-Fund's assets and liabilities at fair values, categorised by the earlier of contractual repricing or maturity dates.

	Maturity less than 1 year HKD	Maturity between 1 year and 5 years HKD	Maturity over 5 years HKD	Non-interest bearing HKD	Total HKD

Total	<u>2,092,976,000</u>				

As at 31 December 2025, the Sub-Fund has bank balances, time deposits and interest receivables of HKD2,909,441,106 (2024: HKD2,092,976,000). If the interest rates had been 75 (2024: 75) basis points higher or lower with all variables held constant, net assets attributable to unitholders would have been HKD21,820,808 (HKD15,697,320) higher or lower as a result of higher or lower interest income.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

3. Financial risk management (Continued)

3.2 Cash flow and fair value interest rate risk (Continued)

The majority of the Sub-Fund's interest rate exposure are on debt instruments. Interest rate exposures are expressed in terms of rate of weighted modified duration. The Manager monitors the interest rate risks by quantifying market exposure in duration terms. As at 31 December 2025, the Sub-Fund has invested in interest-bearing securities of HKD68,218,550 and the portfolio weighted average modified duration of the Sub-Fund is 0.08. As at 31 December 2025, should the relevant interest rates have lowered/risen by 75 basis points with all other variables remaining constant, the increase/decrease in net assets attributable to unitholders would amount to approximately HKD42,466, arising substantially from the increase/decrease in market values of debt securities.

The Sub-Fund did not hold any investment as at 31 December 2024.

3.3 Foreign currency risk

Foreign currency risk, as defined in HKFRS 7, arises as the value of future transactions, recognised monetary assets and monetary liabilities denominated in other currencies fluctuates due to changes in foreign exchange rates. HKFRS 7 considers the foreign exchange exposure relating to non-monetary assets and liabilities to be a component of market price risk, and not foreign currency risk. However, management monitors the exposure on all foreign currency denominated/quoted assets and liabilities.

The Sub-Fund is not exposed to foreign currency risk arising from balances and transactions in foreign currencies as its assets and liabilities are mainly denominated in HKD, the Sub-Fund's functional and presentation currency. As a result, the Sub-Fund considered sensitivity analysis of foreign currency risk is not necessary to be presented.

3.4 Credit and counterparty risk

Credit and counterparty risk is the risk that an issuer or counterparty will be unable or unwilling to meet a commitment that it has entered into with the Sub-Fund.

All transactions in securities are settled or paid for upon delivery using approved and reputable brokers. The risk of default is considered minimal, as delivery of securities sold is only made when the broker has received payment. Payment is made on a purchase when the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The main concentration to which the Sub-Fund is exposed arises from the Sub-Fund's investments in debt securities. The Sub-Fund does not have explicit restrictions on the minimum credit ratings of securities it may hold. The Manager will actively manage the portfolio of the Sub-Fund. In case of credit rating downgrading, the Manager will adjust the positions in the portfolio using its credit analysis and rating systems that are designed to manage credit risks.

The Sub-Fund limits its exposure to credit risk by transacting the majority of its investments and contractual commitment activities with broker-dealers, banks and regulated exchanges with high credit ratings and that the Trustee and the Manager consider to be well established.

All transactions in listed securities are settled or paid for upon delivery using approved and reputable brokers. The risk of default is considered minimal, as delivery of securities sold is only made when the custodian has received payment. Payment is made on a purchase when the securities have been received by the broker. The trade will fail if either party fails to meet its obligation

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR YEAR ENDED 31 DECEMBER 2025**

3 Financial risk management (Continued)

3.4 Credit and counterparty risk (Continued)

The maximum exposure to credit risk as at 31 December 2025 and 2024 is the carrying amount of the fair value through profit or loss - debt instruments, cash and cash equivalents and time deposit as shown on the statement of financial position excluding financial assets at fair value through profit or loss.

The Sub-Fund applies the HKFRS 9 “Financial Instruments” (“HKFRS 9”) general model for other receivables to measure expected credit losses. Cash and cash equivalents is also subject to the impairment requirements of HKFRS 9.

The Sub-Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. The Manager considers both historical analysis and forward looking information in determining any expected credit loss. As at 31 December 2025, all fair value through profit or loss - debt instruments, cash and cash equivalents and time deposits are held with counterparties with a credit rating of BBB- (2024:BBB-) or above.

The Manager considers the probability of default to be close to zero as the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Sub-Fund.

3.5 Liquidity risk

Liquidity risk is the risk that the Sub-Fund may not be able to generate sufficient cash and resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Sub-Fund is exposed to daily redemptions of units in the Sub-Fund. The Manager manages liquidity risk by maintaining sufficient cash and marketable securities to meet the normal operating commitments. Cash and cash equivalents have maturity of less than three months and the Sub-Fund invests the majority of its assets in investments that are traded in an active market which can be readily disposed of.

As at 31 December 2024				
Establishment costs payable	(428,217)	-	-	(428,217)
Management fee payable	(699,434)	-	-	(699,434)
Transaction expense payable	(2,460)	-	-	(2,460)
Trustee fee payable	(136,071)	-	-	(136,071)
Other payables and accrued liabilities	(195,000)	-	-	(195,000)
Net assets attributable to unitholders (in accordance with the Sub-Fund's explanatory memorandum)	(2,052,125,029)	-	-	(2,052,125,029)
Contractual cash outflow	(2,053,586,211)	-	-	(2,053,586,211)

As at 31 December 2025 and 2024, substantially all of its positions are in liquid instruments that can be liquidated within one month without any significant market impact.

Redeemable units are redeemed on demand at the unitholder's option. As at 31 December 2025, two (2024: two) individual investor held 89.12% (2024: 86.43%) of the Sub-Fund's redeemable units.

3.6 Fair value estimation

The fair value of financial assets traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the period end date. The Sub-Fund utilises the last traded market price as its fair valuation inputs for financial assets.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial assets and liabilities that are not traded in an active market is determined by using valuation techniques.

The assets and liabilities included in the statement of financial position, other than financial assets and liabilities at fair value through profit or loss, are carried at amortised cost. The carrying value (after the deduction of the loss allowance) of other receivables, cash and cash equivalents, other payables and accrued expenses and net assets attributable to unitholders of redeemable units are a reasonable approximation of their fair value, due to their short-term maturity.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR YEAR ENDED 31 DECEMBER 2025**

3. Financial risk management (Continued)

3.6 Fair value estimation (Continued)

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes “observable” requires significant judgment by the Sub-Fund. The Sub-Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Sub-Fund’s financial assets and liabilities measured at fair value as at 31 December 2025:

	Level 1 HKD	Level 2 HKD	Level 3 HKD	Total HKD
As at 31 December 2025				
Financial assets at fair value through profit or loss				
Debt instruments				
- Corporate bonds	-	68,218,550	-	68,218,550
	-	68,218,550	-	68,218,550

As at 31 December 2024, the Sub-Fund did not hold any investment.

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1. The Sub-Fund does not adjust the quoted price for these investments.

Investments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR YEAR ENDED 31 DECEMBER 2025**

3. Financial risk management (Continued)

3.6 Fair value estimation (Continued)

Investments classified within Level 3 have significant unobservable inputs, because they trade infrequently. Level 3 instruments include private equity and corporate debt securities. Since observable prices are not available for these securities, the Sub-Fund has used valuation techniques to derive the fair value.

As at 31 December 2025 and 2024, there was no level 3 investment held by the Sub-Fund.

For the year ended 31 December 2025 and the period from 15 August 2023 (date of inception) to 31 December 2024, there was no transfer between levels.

The Sub-Fund's other financial assets and liabilities as at 31 December 2025 and 2024 were carried at amortised cost and their carrying values are a reasonable approximation of fair value.

3.7 Capital risk management

The Sub-Fund's capital is represented by the net assets attributable to unitholders. The amount of net assets attributable to unitholders can change significantly on a daily basis, since the Sub-Fund is subject to daily subscriptions and redemptions at the discretion of unitholders, as well as changes resulting from the Sub-Fund's performance. The Sub-Fund strives to invest the subscriptions in investments that meet the Sub-Fund's investment objectives while maintaining sufficient liquidity to meet unitholder redemptions.

In order to maintain the capital structure, the Manager may:

- Redeem and issue new units in accordance with the constitutive documents of the Sub-Fund; and
- Exercise discretion when determining the amount of distributions of the Sub-Fund to the unitholders.

4 Financial instruments by category

Financial assets

Apart from investments which are classified as financial assets at fair value through profit or loss, all other financial assets as disclosed in the statement of financial position, including time deposits, interest receivables and cash and cash equivalents, are categorised as financial assets measured at amortised cost.

Financial liabilities

All financial liabilities as disclosed in the statement of financial position, including custodian fee payable, distribution payable, establishment costs payable, management fee payable, transaction expense payable, trustee fee payable, other payables and accrued liabilities, tax payable and net assets attributable to unitholders, are categorised as financial liabilities measured at amortised cost.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

5. Number of units in issue and net assets attributable to unitholders per unit

Net assets attributable to unitholders are carried at the redemption amount that would be payable if the unitholder exercised the right to redeem the units in the Sub-Fund.

The following table details the net asset value per unit of each class of units as at 31 December 2025 and 2024.

	Class A HKD HKD	Class A RMB RMB	Class B HKD HKD	Class I HKD HKD	Class I Dist HKD HKD	Class S HKD HKD
As at 31 December 2025 Net assets attributable to unitholders per unit (in accordance with the Sub-Fund's explanatory memorandum)	1.0902	1.0106	1.0802	1.0883	1.0000	1.0977
As at 31 December 2024 Net assets attributable to unitholders per unit (in accordance with the Sub-Fund's explanatory memorandum)	1.0615	1.0317	1.0518	1.0574	1.0656	

In accordance with the Sub-Fund's explanatory memorandum, the establishment costs of the Sub-Fund will be amortised over the first 5 accounting periods. The costs of establishment of the Sub-Fund are estimated to be approximately HKD476,217 (2024: HKD476,217). As at 31 December 2025, HKD285,729 (2024: HKD380,972) are unamortised for the Sub-Fund, with remaining amortisation period of 3 accounting periods.

However, the accounting policy of the Sub-Fund for the purpose of financial statements preparation in compliance with HKFRS Accounting Standards is to expense establishment costs in the statement of comprehensive income as incurred. The differences between expensing the establishment costs as incurred in accordance with HKFRS Accounting Standards and capitalisation and amortisation of the establishment costs indicated in the Sub-Fund's explanatory memorandum resulted in adjustment on the net asset value.

As at 31 December 2025, the above difference in establishment cost amortisation between the dealing net asset value ("Dealing NAV") and the accounting net asset value results an adjustment of HKD95,243 (2024: HKD380,972).

In accordance with the Sub-Fund's explanatory memorandum, the valuation point is 11:00 a.m. on a Business Day on which the net asset value of the Sub-Fund and/or the net asset value of a Unit or a Class of Unit of the Sub-Fund falls to be calculated. The subscription and redemption on 31 December 2025 after the valuation point are amounted to HKD848,578,709 and HKD220,970,657 (2024: HKD57,487,706 and HKD17,725,221) respectively. The Sub-Fund also recorded an HKD75,263 (2024: HKD8,276) increase in net assets attributable to unitholders of redeemable participating units on 31 December 2025 after the valuation point.

**HUATAI HKD MONEY MARKET FUND
(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

5. Number of units in issue and net assets attributable to unitholders per unit (Continued)

As at 31 December 2025, the above timing difference between valuation point of 31 December 2025 and the end of the day results in an adjustment of HKD627,683,315 (2024: HKD39,770,761) between the Dealing NAV and the accounting net asset value below.

	As at 31 December 2025 HKD	As at 31 December 2024 HKD
Net assets attributable to unitholders (in accordance with HKFRS Accounting Standards)	2,976,058,257	2,091,514,818
Adjustments for:		
- establishment costs to be amortised in accordance with the Sub-Fund's explanatory memorandum	285,729	380,972
- subscription after the valuation point	(848,578,709)	(57,487,706)
- redemption after the valuation point	220,970,657	17,725,221
- others	(75,263)	(8,276)
Net assets attributable to unitholders (in accordance with the Sub-Fund's explanatory memorandum)	2,348,660,671	2,052,125,029

6. Net gains on investments at fair value through profit or loss

	For the year ended 31 December 2025 HKD	For the period from 15 August 2023 (date of inception) to 31 December 2024 HKD
Net change in unrealised gains/losses on investments	9,520	-
Net realised gains on investments	1,171,915	5,602,223
	1,181,435	5,602,223

7. Distribution to unitholders

Class A HKD Units, Class A RMB Units, Class B HKD Units, Class I HKD Units and Class S HKD Units are accumulation Classes. No dividends will be declared or distributed to unitholders of these classes.

7. Distribution to unitholders (Continued)

Class I Dist HKD Units is distribution class. During the year ended 31 December 2025, the following distributions were made:

	HKD
Undistributed income as at 1 January 2025	-
Increase in net assets attributable to unitholders	81,040,460
Add: Finance cost – distribution to unitholders	2,394,910
	<hr/>
Gain before distribution	83,435,370
	<hr/> <hr/>

Distribution declared by the Manager on:

		Distribution Per unit	Distribution HKD
Class I Dist HKD Units			
Ex-dividend date	Payment date		
30 May 2025	2 June 2025	HKD0.0012	240,000
30 June 2025	2 July 2025	HKD0.0019	380,456
31 July 2025	1 August 2025	HKD0.0014	280,868
29 August 2025	1 September 2025	HKD0.0012	241,081
30 September 2025	2 October 2025	HKD0.0018	182,110
31 October 2025	3 November 2025	HKD0.0024	256,181
28 November 2025	1 December 2025	HKD0.0022	231,436
31 December 2025	2 January 2026	HKD0.0025	582,778
Transferred from capital			81,040,460
			<hr/>
Undistributed income as at 31 December 2025			-
			<hr/> <hr/>

The distribution is recorded as finance costs in the Sub-Fund's statement of comprehensive income.

No distribution was made for the period from 15 August 2023 (date of inception) to 31 December 2024.

8. Transaction with related parties or connected persons

The following is a summary of transactions entered into during the year ended 31 December 2025 and the period from 15 August 2023 (date of inception) to 31 December 2024 between the Sub-Fund and its related parties including the Manager, the investment delegate, the Trustee/custodian and their connected persons (the "Connected Persons"). Connected Persons are those as defined in the SFC Code. All such transactions were entered into in the ordinary course of business and on normal commercial terms. To the best of the Management's knowledge, the Sub-Fund does not have any other transactions with the Connected Persons except for those disclosed below.

(A Sub-Fund of Huatai Global Investment Fund)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

8. Transaction with related parties or connected persons (Continued)

8.1 Management fee

The Manager is entitled to receive a management fee of up to 1% per annum of the net asset value of the Sub-Fund attributed to Class A and Class B units for the year ended 31 December 2025 and for the period from 15 August 2023 (date of inception) to 31 December 2024. The Manager is entitled to receive a management fee of up to 0.5% per annum of the net asset value of the Sub-Fund attributed to Class I and Class S units for the year ended 31 December 2025 and for the period from 15 August 2023 (date of inception) to 31 December 2024.

For the year ended 31 December 2025, the Manager charged a management fee of 0.3% (for the period from 15 August 2023 (date of inception) to 31 December 2024: 0.3%) per annum of the net asset value of the Sub-Fund attributed to Class A units, a management fee of 0.6% (for the period from 15 August 2023 (date of inception) to 31 December 2024: 0.6%) per annum of the net asset value of the Sub-Fund attributed to class B units and a management fee of 0.1% (for the period from 15 August 2023 (date of inception) to 31 December 2024: 0.1%) per annum of the net asset value of the Sub-Fund attributed to Class I units. No management fee is charged in respect of Class S units. Class S HKD Units are offered exclusively to (i) investors who are subject to a separate management fee payable to the Manager or its affiliates under the relevant investment management agreement between such investor and the Manager or its affiliates, (ii) employees of the Manager or its affiliates at the time of subscription and (iii) current or former investors of Class S HKD Units. The Manager will determine a person's eligibility to subscribe for Class S HKD Units and will have the absolute discretion to reject any application for subscription of Class S HKD Units as it sees fit.

Management fee charged for the year ended 31 December 2025 was HKD8,566,795 (for the period from 15 August 2023 (date of inception) to 31 December 2024: HKD5,222,813) of which HKD696,453 (31 December 2024: HKD699,434) was payable to the Manager as at 31 December 2025.

8.2 Trustee fee

The Trustee is entitled to receive a trustee fee of up to 0.05% per annum of the net asset value of the Sub-Fund for the year ended 31 December 2025 and for the period from 15 August 2023 (date of inception) to 31 December 2024. The fee is calculated and accrued on each valuation day and payable monthly in arrears. Trustee fee is subject to a minimum monthly fee of HKD27,000 after six months from the launch of the Sub-Fund.

The minimum monthly fee shall be subject to an additional fee of HKD2,300 for each additional share class in excess of 6 share classes for the year ended 31 December 2025 and for the period from 15 August 2023 (date of inception) to 31 December 2024.

Trustee fee charged for the year ended 31 December 2025 was HKD1,607,215 (for the period from 15 August 2023 (date of inception) to 31 December 2024: HKD1,125,517) of which HKD272,265 (31 December 2024: HKD136,071) was payable to the Trustee.

8.3 Custodian fee

The custodian, an affiliate of the Trustee, is entitled to receive HKD160 per transaction for the year ended 31 December 2025 and for the period from 15 August 2023 (date of inception) to 31 December 2024.

Custodian fee charged for the year ended 31 December 2025 was HKD1,560 (for the period from 15 August 2023 (date of inception) to 31 December 2024: HKD8,887) of which HKD160 (31 December 2024: HKD Nil) was payable to the custodian as at 31 December 2025.
